

Russell Tyler

Le opere di Russell Tyler (Summertown, TN, 1981) esprimono la sua personale percezione e visione della realtà attraverso il potere del colore. Sia i lavori geometrici che gestuali creano dei paesaggi unici e immaginativi, nei quali è possibile riconoscere una necessità di libertà e di espressione illimitata. Nei dipinti, la superficie di ciascun elemento appare piatta e uniforme, ma al tempo stesso dinamica e vibrante. L'intenzione dell'artista di espandere il suo

immaginario nel mondo reale è, inoltre, particolarmente enfatizzata dalle cornici dipinte, caratterizzate dalla coesistenza di tonalità terrene e colori sintetici. Il risultato finale è un'esplosione di sentimenti ed emozioni che avvolge e abbraccia, capace di trasportare il fruitore in una dimensione più complessa e profonda, ininterrottamente governata da un vivido, rumoroso e ludico ritmo.
